

STEEL RULER (G710)

Category: Lab Tools

Product Code: G710

Category: LAB TOOLS

Sub-Category: LAB TOOLS

-
- A steel ruler in engineering testing laboratories is used for precise linear measurements of samples and equipment. It is durable, easy to clean, and essential for ensuring

accuracy in test setups and reporting dimensions.

ORDERING INFORMATION

Item	Code
STEEL RULER - 30 cm	G710X030H
STEEL RULER - 50 cm	G710X050H
STEEL RULER - 100 cm	G710X100H

Keywords: steel ruler, G710 steel ruler, ALFA Testing Equipment, laboratory measuring tool, precision steel ruler, durable lab ruler, engineering measurement tool, stainless steel ruler, lab tools, measurement instrument
